

Assistant Livestock Technician Vacancy

Job Particulars:

Hours: 26hrs p/w basic

10am-6pm Tuesday, 10am – 8pm Thursday, 10am – 6pm Saturday,

Wage: TBD meets NMW

Start Date: Early February

Job Description:

The primary responsibilities in this position involve animal maintenance and caring for a wide variety of reptiles, amphibians and invertebrates. Specific daily tasks include vivarium cleaning, watering and feeding of animals. It will be essential to maintain a high level of cleanliness and implement correct hygiene procedures whilst working. The ability to keep accurate, daily maintenance records for individual animals is essential.

Applicants will be expected to undertake any task set with an enthusiastic and willing attitude. They must be comfortable working with all reptile, amphibian and invertebrate species in the shop. A positive, hard working attitude and good customer service skills are essential, along with a willingness to learn. Applicants will be expected to work to the best of their ability and take pride in their work.

Previous experience maintaining a large reptile/amphibian/invertebrate collection preferred.

Due to the location of the shop own transport is preferable but not essential, however local public transport links are poor.

Application process:
